

## Visiting patients in hospital- current guidelines/regulations

12.06.2020

- Patients are only allowed a maximum of two visitors during a period of 24 hours.
- Patients with their own room can receive visitors for up one hour. In rooms with several beds will visits be limited to 30 minutes. Only one patient at a time can receive visitors, in each room.
- There is no restriction concerning gifts, flowers etc

### Before visits:

- Visitors must ring the ward and inform/plan the visit
- Visitors will be asked questions about their current health and will be given guidelines for infection prevention

### During visits:

- Visitors must disinfect their hands before they enter the hospital, and before and after they enter the patients room.
- Visitors must keep a distance of 1 meter from the person they are visiting, staff and other patients
- Visitors must not stay in the communal areas at the hospital and must go directly to and from the patients room

Information about visiting guidelines and regulations is also available on our website [Helse-forde.no](http://Helse-forde.no)
